

FIRSTNEWCAR

Cost Comparison

Before you start to fill out this worksheet you will need to find out the cost of annual insurance, licence and emissions testing.

You can also consult the vehicle manufacturer's web site to get an idea of what items will likely need routine maintenance.

Tip: Remember to divide these amounts by 12 to find out how much you'll pay each month.

Vehicle Description	Car 1	Car 2	Car 3
Engine			
Cylinders			
L/100km city/hwy			
Returned resale			
Running expense			
Fuel - cents/km			
Preventive maintenance			
Unscheduled maintenance			
Tires - cents/km			
Total running \$/month			
Total running \$/day			
Standing expenses			
Licence tax \$/month			
Bottom line			
Total \$/month
