IGNITE YOUR FUTURE

Make The Right Career Move Today!

What is the GM Automotive Service Educational Program (**ASEP**)

- A strategic apprenticeship program, in cooperation with your sponsoring GM Dealership and selected Colleges across Canada.
- Complete Advanced automotive technical training to become a GM Certified Technician using current GM vehicles and diagnostic strategies.
- A combination of academics and real world work experience throughout the program. Alternate between classroom training and paid work experience as a Dealership Employee.

With ASEP, You Will...

- Develop the highest level of GM Dealership technical training.
- Receive Hands-on training.
- Build a prestigious career through continuing education, certification programs, on-the-job-training and advancement opportunities.
- Earn a College education, and an opportunity to grow within the Dealer organization.
